Disability Income Benefit

Accidents and illnesses are unpredictable and will cause you unexpected financial burden. It is therefore wise to plan ahead to protect your family with the financial security they need before misfortunes occur. If you are unable to work due to injury or sickness, **Disability Income Benefit** can provide you with a regular monthly income to relieve your financial burden.

Features

- The plan is available to any person aged 18 – 55 (age next birthday [ANB]) in full-time permanent employment.
- The person covered by the policy (“Life Assured”) is considered to have suffered disability as a result of accident or illness if he or she
 - cannot engage in his or her present occupation during the first 2 years of disability; and
 - cannot engage in any occupation which he or she is suited by education, training or experience beyond the first 2 years of the disability.
- If the Life Assured suffers disability continuously after the Deferred Period*, we will pay the monthly Disability Benefit which is equal to 1/12th of the Sum Assured. The monthly Disability Benefit will start after the end of the Deferred Period to the end of the Maximum Benefit Period.
- If the Life Assured
 - continues to suffer disability after the Deferred Period, and
 - changes his or her occupation due to the disability so that the gross earnings are reduced by at least 25% compared with pre-disability earnings,
 we will pay the monthly Residual Disability Benefit equal to 1/12th of the Sum Assured multiplied by the reduction percentage, until
 - the residual disability stops; or
 - this benefit has been paid for 24 months; or
 - this benefit period expires;
 whichever is earlier.
- A lump sum of 3 months’ Disability Benefit will be payable if the Life Assured passes away during the payment of the benefit.
- Should the Life Assured become disabled, the on-going premium of the benefit will be waived. Premium paid during the Deferred Period will be refunded if the Disability Benefit or Residual Disability Benefit is being paid.
- You can choose any of the following Maximum Benefit Periods to suit your individual needs:

| Option | Causes of Disability | Maximum Benefit Period |
|--------|----------------------|------------------------|
| 1. | Accident | Until age 65 (ANB) |
| | Sickness | 2 years |
| 2. | Accident | Until age 65 (ANB) |
| | Sickness | 5 years |
| 3. | Accident/Sickness | Until age 65 (ANB) |

- You can choose any of the Deferred Periods to suit your individual needs: 30 days, 60 days, 90 days or 180 days.

* Deferred Period is the initial period of disability when the benefit is not payable.

Advantages

The plan is 5-year renewable without evidence of health if your occupation remains unchanged, allowing you to enjoy continuous protection up to age 65 (ANB).

The plan provides 24-hour worldwide coverage[#] to ensure that you have round-the-clock protection.

You have an option to increase the benefit automatically by 6% or the Consumer Price Index (B) on each policy anniversary, whichever is lower, whilst the benefit is being paid.

[#] For details of Benefit Area, please refer to the policy provisions.

Key risks

How may our credit risk affect your policy?

The guaranteed cash value (if applicable) and insurance benefit of your plan are subject to our credit risk. If we become insolvent, you may lose the value of your policy and its coverage.

How may currency exchange rate risk affect your benefits?

Foreign currency exchange rates may fluctuate. As a result, you may incur a substantial loss when you choose to convert your benefits to other currencies. Additionally, the conversion of your benefits to other currencies is subject to exchange restrictions applicable at the time when the benefits are paid. You have the sole responsibility to decide if you want to convert your benefits to other currencies.

How may inflation affect the value of your plan?

We expect the cost of living to rise in the future because of inflation. That means the insurance you take out today will not have the same buying power in the future, even if the plan offers increasing benefit intended to offset inflation.

What happens if you do not pay your premiums?

You should only apply for this product if you intend to pay all of its premiums. If you miss any of your premium payments, we may terminate your policy and you would lose the policy's coverage.

Why may we adjust your premiums?

We have the right to review and adjust the plan's premium rates for particular risk classes on every 5th policy anniversary, but not for any individual customer.

We may adjust premium rates because of several factors, such as our claims and persistency experience.

Important information

Suicide clause

If the life assured commits suicide regardless of sane or insane within 1 year from the effective date of the policy or from the date of any reinstatement, whichever is later, the death benefit will be limited to a refund of the premiums paid without interest subject to the deduction of any amounts we have already paid and any indebtedness you owe us under the policy.

Cancellation right

A customer who has bought the life insurance plans has a right to cancel the policy within the cooling-off period and obtain a refund of any premium(s) and levy(ies) paid less any withdrawals. Provided that no claim has been made, the customer may cancel the policy by giving written notice to us within 21 calendar days immediately following either the day of delivery of (1) the policy or (2) the notice (informing the availability of the policy and expiry date of the cooling-off period) to the customer or his/her nominated representative, whichever is earlier. Such notice must be signed by the customer and received directly by Prudential Hong Kong Limited at 8/F, Prudential Tower, The Gateway, Harbour City, 21 Canton Road, Tsim Sha Tsui, Kowloon, Hong Kong within the cooling-off period.

The premium and levy will be refunded in the currency of premium and levy payment at the time of application for this policy. If the currency of premium and levy payment is not the same as the plan currency, the refundable premium and levy amount in plan currency under this policy will be converted to the currency of premium and levy payment at the prevailing currency exchange rate as determined by us in our absolute discretion from time to time upon payment. After the cooling-off period expires, if a customer cancels the policy before the end of benefit term, the actual cash value (if applicable) may be substantially less than the total amount of premiums paid.
