Double benefit for accidents during school activities, in public buildings and on public transportation

With this plan, the benefit for major incidents³ will be doubled and paid out as a Double Indemnity Benefit in the event of the followings:

- accidents related to any school activities⁴ in Hong Kong, such as going to a school picnic or travelling on a school bus; or
- the death of the person covered by the policy ("life assured") and his/her immediate family members in the same accident; or

Extra Caring Benefit for reimbursement of facial reconstructive surgery and psychological treatment medical expenses

Serious accidents may cause emotional pain as well as physical injuries. Upon the Accidental Dismemberment Benefit¹ is payable, the plan provides you Extra Caring Benefit which reimburses the Medically Necessary⁵ medical expense for facial reconstructive surgery due to facial disfigurement suffered in the accident. In addition, this benefit also reimburses you for psychological counselling expenses related to accidental dismemberment, supporting the life assured a speedy recovery.

Reimbursement of medical expenses for minor injuries

For minor injuries resulting from an accident where inpatient or outpatient treatments such as bone-setting, physiotherapy, occupational therapy or chiropractic treatment deemed Medically Necessary⁵, you will be reimbursed for the medical treatment expenses subject to the limits as specified in the Benefit Summary Table.

Easy application where you can pay up the plan in 10 years

Application is easy as no medical examination is required. When the life assured reaches the age of 80 (age next birthday [ANB]), the policy will mature and you will receive a Maturity Benefit. In addition, you can pay up the plan in just 10 years. There is no need to worry about paying premium year after year.

Collection of levy on insurance premium

From 1 January 2018 onwards, a levy on insurance premiums for insurance policies will be payable to Insurance Authority (“IA”) by policyholders. IA will collect the levy from policyholders through insurance companies. If you do not pay the overdue levy timely, IA may, according to the law, impose on the policyholder a penalty of up to HKD 5,000, and may recover the outstanding levy as a civil debt due to the IA. Levy must be paid together with the premium. The initial premium is due on the Commencing Date as shown in the Certificate of Life Assurance solely for the purpose of determining the levy payable. To avoid any doubt, you must pay us the initial premium and levy before the Date of Policy as shown in the Certificate of Life Assurance.

With effect from 1 January 2018, levy collected by the IA has been imposed on relevant policy at the applicable rate and would be remitted in accordance with the prescribed arrangements. For further information, please visit www.prudential.com.hk/levy or contact (852) 2281 1193.

Key risks

How may our credit risk affect your policy?

The guaranteed cash value (if applicable) and insurance benefit of your plan are subject to our credit risk. If we become insolvent, you may lose the value of your policy and its coverage.

How may currency exchange rate risk affect your benefits?

Foreign currency exchange rates may fluctuate. As a result, you may incur a substantial loss when you choose to convert your benefits to other currencies. Additionally, the conversion of your benefits to other currencies is subject to exchange restrictions applicable at the time when the benefits are paid. You have the sole responsibility to decide if you want to convert your benefits to other currencies.

What are the risks of surrendering your plan or withdrawing money from your plan?

The liquidity of an insurance policy is limited. You are strongly advised to reserve adequate liquid assets for emergencies. For any surrender/withdrawal especially at the early stage upon policy inception, you may receive an amount considerably less than the premiums you paid.

How may inflation affect the value of your plan?

We expect the cost of living to rise in the future because of inflation. That means the insurance you take out today will not have the same buying power in the future, even if the plan offers increasing benefit intended to offset inflation.

What happens if you do not pay your premiums?

You should only apply for this product if you intend to pay all of its premiums. If you miss any of your premium payments, we may terminate your policy and you may receive an amount considerably less than the premiums you paid, as well as losing the policy's coverage.

Why may we adjust your premiums?

We have the right to review and adjust the plan's premium rates for particular risk classes on each policy anniversary, but not for any individual customer.

We may adjust premium rates because of several factors, such as our claims and persistency experience, medical price inflation and projected future medical costs.

Important information

Cancellation right

A customer who has bought the life insurance plans has a right to cancel the policy within the cooling-off period and obtain a refund of any premium(s) and levy(ies) paid less any withdrawals. Provided that no claim has been made, the customer may cancel the policy by giving written notice to us within 21 calendar days immediately following either the day of delivery of (1) the policy or (2) the notice (informing the availability of the policy and expiry date of the cooling-off period) to the customer or his/her nominated representative, whichever is earlier. Such notice must be signed by the customer and received directly by Prudential Hong Kong Limited at 8/F, Prudential Tower, The Gateway, Harbour City, 21 Canton Road, Tsim Sha Tsui, Kowloon, Hong Kong within the cooling-off period.

The premium and levy will be refunded in the currency of premium and levy payment at the time of application for this policy. If the currency of premium and levy payment is not the same as the plan currency, the refundable premium and levy amount in plan currency under this policy will be converted to the currency of premium and levy payment at the prevailing currency exchange rate as determined by us in our absolute discretion from time to time upon payment. After the cooling-off period expires, if a customer cancels the policy before the end of benefit term, the actual cash value (if applicable) may be substantially less than the total amount of premiums paid.
