The benefits

Substantial financial protection for your family with affordable premiums

Our **PRU**Term Family Protector safeguards your family at premiums you can afford. If the person covered by the policy (the “life assured”) unfortunately passes away while the plan is in force, we will pay a **guaranteed Death Benefit of 100%** of the plan’s sum assured. This gives your family vital financial protection, just when they need it most – and gives you the peace of mind that your loved ones’ financial future is secured.

You can take out **PRU**Term Family Protector as a **standalone basic plan** or enhance your protection by adding it as a **supplementary benefit** to your basic insurance plan. If you take it out as a standalone basic plan, you can choose how you would like us to pay the plan’s Death Benefit while the life assured is still alive. We can flexibly pay your beneficiary a **lump sum** or a **series of monthly instalments** or a **mix of the 2**.

If you take out the plan as a supplementary benefit, we will pay the Death Benefit in lump sum.

Flexibly boost your protection as your life stage changes

You may need more protection as your life brings more responsibilities. You, as the life assured, can do this with our **Flexible Protection Boost Option**, which allows you to boost your protection by taking out a new **PRU**Term Family Protector as a supplementary benefit **without** giving us any health information, as you reach these milestones:

getting a mortgage for a new flat

or

getting married

or

having a child

Advance payout for terminal illness

If you take out your plan as a basic plan and the life assured is unfortunately diagnosed with a terminal illness and highly likely to pass away within 12 months, we will pay the plan's Death Benefit **early** as a **Terminal Illness Benefit**.

Guaranteed option to convert your policy to a new whole-life insurance plan with cash value

As your family commitments increase, you may need better life insurance protection. That's why we **guarantee** you can convert your plan into a new **whole-life insurance plan** with cash value (that we will specify at the time of conversion) before the life assured reaches age 66 (age next birthday [ANB]), **without** the need to give us any **health information**. This gives you long-term protection combined with savings potential.

4 renewable periods to fit your finances

We offer **4** renewable periods for you to choose from: **1, 5, 10** and **20 years**. Your premiums are **fixed** throughout each renewable period, so that you do not need to worry about any unexpected financial burden. Also, the plan offers different currency options, including HKD and USD.

We also offer a **premium discount** if your policy's sum assured is HKD 2,000,000 / USD 250,000 or more. You can find more information in the "Premium discount" section under "More about the plan" section below.

Tailor your own personal protection

To tailor your protection, you can take out **PRU**Term Family Protector as a basic plan, then attach a wide range of supplementary benefits to enhance it, including accident, disability, critical illness and medical cover. Some supplementary benefits need medical tests or have an age limit when you apply.

Key exclusions

We will not pay **Terminal Illness Benefit** of this plan if:

- i. your **PRU**Term Family Protector is issued with special terms and conditions; or
- ii. the life assured is diagnosed with a terminal illness within 12 months before the end of benefit term; or
- iii. the terminal illness existed before the effective date of this plan, or before the effective date of reinstatement, whichever is later; or
- iv. the life assured suffers from any pre-existing condition, or shows any signs or symptoms, which may be the cause or triggering condition of a terminal illness before the effective date of this plan, or before the effective date of reinstatement, whichever is later; or
- v. the life assured is diagnosed by a registered specialist with a terminal illness, or has shown signs or symptoms of any illness, disease or physical condition which may be the cause or triggering condition of a terminal illness, within 90 days from the effective date of this plan or from the effective date of reinstatement, whichever is later. This exclusion does not apply if the terminal illness is caused by an accident and the life assured is diagnosed as having the terminal illness within 90 days of the accident; or
- vi. the terminal illness is a direct or indirect result of:
 - a) the life assured's attempted suicide or self-inflicted injuries, while sane or insane; or
 - b) Acquired Immune Deficiency Syndrome (AIDS), AIDS-related complex or infection by Human Immunodeficiency Virus (HIV) except for AIDS due to blood transfusion or occupationally acquired HIV; or
 - c) narcotics used by the life assured unless taken as prescribed by a registered doctor, or the life assured's abuse of drugs and/or alcohol.

Please see the policy provision for the full range of the plan's other key exclusions.

Premium structure/Plan renewal

- We guarantee that you will be able to renew your plan at the end of each renewable period until the end of benefit term subject to the premium rate and terms and conditions at that time.
- Premium rates are guaranteed and fixed throughout each renewable period. We will determine the premium based on the risk class (including, but not only, age, gender, smoking status and geographic region) of the life assured at the time of each policy renewal. We have the right to review the premium rates from time to time and adjust the plan's premium rates for particular risk classes at the end of each renewable period.

Flexible Protection Boost Option

- When you exercise this option, you can take out a new **PRU**Term Family Protector as a supplementary benefit with the extra protection you need to cover any of these milestone events. There is no need to give us any health information.
- Types of milestone events:
 - the life assured obtains a mortgage for a new purchase of residential property; or
 - the life assured's legally recognised marriage; or
 - the birth of any natural child of the life assured (excluding adopted children).
- You can exercise this option under all **PRU**Term Family Protector for the same life assured provided that the conditions below are satisfied:
 - once for each milestone event type and for a maximum of 2 milestone event types for the same life assured;
 - at least 2 years between the first and second time you exercise this benefit;
 - 1 year after the issue date or commencement date of your **PRU**Term Family Protector, whichever is later;
 - on or before the policy anniversary following the life assured's 60th birthday;
 - within 180 days from the occurrence of the milestone events;
 - no claims have been made under **PRU**Term Family Protector;
 - we did not issue the original **PRU**Term Family Protector with special terms and conditions; and
 - the **PRU**Term Family Protector is not taken out under the **Flexible Protection Boost Option**.
- When you exercise this option under all **PRU**Term Family Protector for the same life assured, the total sum assured of all your new **PRU**Term Family Protector cannot exceed:
 - The **lowest** of
 - > HKD 2,400,000 / USD 300,000 per milestone event type; and
 - > 50% of the sum assured of your original **PRU**Term Family Protector; and
 - > if you exercise this option for a residential property mortgage; the amount of the mortgage.
- **PRU**Term Family Protector taken out under the **Flexible Protection Boost Option** is not eligible for plan conversion.

Plan conversion

You can convert your **PRU**Term Family Protector to a new whole-life insurance plan with cash value (that we will specify at the time of conversion) at a premium rate determined by us, without the need to give us any health information, provided that:

- no claims have been made under **PRU**Term Family Protector;
- the new sum assured is the same or less than the sum assured of **PRU**Term Family Protector;
- you apply for the conversion before the life assured reaches age 66 (ANB);
- the new policy will be issued with the same special terms and conditions as your existing **PRU**Term Family Protector;
- the **PRU**Term Family Protector you want to convert is not a supplementary benefit taken out under the **Flexible Protection Boost Option**; and
- you give us 1 month's written notice.

Terminal Illness Benefit

- We will pay this benefit if the life assured is diagnosed with a terminal illness. This means their registered specialist confirms they are highly likely to pass away within 12 months.
- The benefit amount is equal to 100% of the sum assured of your **PRU**Term Family Protector.
- We cap the total benefit amount under all **PRU**Term Family Protector at HKD 16,000,000 / USD 2,000,000 for the same life assured.
- This benefit is only available if you take out **PRU**Term Family Protector as a basic plan.

Death Benefit and its settlement option

- If the life assured passes away, we will pay a Death Benefit equal to:
 - 100% of the sum assured of **PRU**Term Family Protector;
 - **less** the total amount of Terminal Illness Benefit we have paid (or it is confirmed that we will pay) under this plan.
- We will reduce the Death Benefit by 50% in the unfortunate event that the life assured passes away before age 1; if the life assured passes away at or after age 1 but before age 2, we will reduce it by 25%.
- Death Benefit settlement option (applies if the plan is a basic plan):
 - You can decide, while the life assured is still alive, whether we pay your beneficiary the Death Benefit in a lump sum or as a series of monthly instalments or a mix of the 2. If the Death Benefit amount you opt to settle by monthly instalments is less than a certain amount, as determined by us, we will only pay the Death Benefit in a lump sum.
 - You can choose to settle the monthly instalment in a certain number of year options provided by us.
 - If you choose the monthly instalment option, your beneficiary will receive the Death Benefit of a fixed amount on a monthly basis and earn an interest on the remaining Death Benefit amount. We will pay the accumulated interest in the last instalment. We will determine the interest rate from time to time. This means the rate is not guaranteed and it depends on several factors including investment performance and the yields available in the market.
 - The beneficiary cannot make any changes to the way we pay the benefits at any time.
- If the plan is a supplementary benefit, we will pay you the Death Benefit in lump sum.

Premium discount

- We offer a premium discount if your policy's sum assured is HKD 2,000,000 / USD 250,000 or more.
- The premium discount is calculated on individual **PRU**Term Family Protector basis, whether or not it is taken out under the **Flexible Protection Boost Option**.
- The table below shows the premium discount factor:

Sum assured	≥HKD 2,000,000 / USD 250,000	≥HKD 4,000,000 / USD 500,000	≥HKD 8,000,000 / USD 1,000,000
Premium discount factor	10%	20%	25%

Example*:

At age 30 (ANB), Mr. Chan, a non-smoker, enrolls in a **PRU**Term Family Protector and chooses 5 years' renewable period. If the sum assured is HKD 5,000,000, the premium discount would be HKD 1,000.

	Sum assured	Premium
Before discount	HKD 5,000,000	HKD 5,100
After discount		HKD 4,100
Premium discount amount =		HKD 1,000

* The figures in this example are for illustrative purposes only.

Termination of this plan

We will terminate this plan when the first of these happens:

- death of the life assured; or
- once you surrender the policy; or
- the total amount of Terminal Illness Benefit we have paid (or it is confirmed that we will pay) equal to 100% of the sum assured of the plan; or
- the plan reaches the end of benefit term; or
- if you fail to pay your premium within the grace period of 1 calendar month from its due date; or
- you convert the plan fully into a new whole-life insurance plan with cash value; or
- you convert the basic plan to which this plan is attached to a reduced-paid up policy (applies if the plan is a supplementary benefit); or
- you cancel or surrender the basic plan to which this plan is attached or it expires (applies if the plan is a supplementary benefit).

Key risks

How may our credit risk affect your policy?

The guaranteed cash value (if applicable) and insurance benefit of your plan are subject to our credit risk. If we become insolvent, you may lose the value of your policy and its coverage.

How may currency exchange rate risk affect your benefits?

Foreign currency exchange rates may fluctuate. As a result, you may incur a substantial loss when you choose to convert your benefits to other currencies. Additionally, the conversion of your benefits to other currencies is subject to exchange restrictions applicable at the time when the benefits are paid. You have the sole responsibility to decide if you want to convert your benefits to other currencies.

How may inflation affect the value of your plan?

We expect the cost of living to rise in the future because of inflation. That means the insurance you take out today will not have the same buying power in the future (i.e., the benefit payouts might not be able to cover your future needs), even if the plan offers increasing benefit intended to offset inflation.

What happens if you do not pay your premiums?

You should only apply for this product if you intend to pay all of its premiums. If you miss any of your premium payments, we may terminate your policy and you would lose the policy's coverage.

Why may we adjust your premiums?

We have the right to review the premium rates from time to time and adjust the plan's premium rates for particular risk classes at the end of each renewable period, but not for any individual customer.

We may adjust premium rates because of several factors, such as our claims, and persistency experience.

Important information

Suicide clause

If the life assured commits suicide whether sane or insane, within 1 year from the effective date of the policy or from the date of any reinstatement, whichever is later, we will limit the death benefit to a refund of the premiums paid without interest. We will deduct any amounts we have already paid and any amounts you owe us under the policy.

Cancellation right

A customer who has bought the life insurance plans has a right to cancel the policy within the cooling-off period and obtain a refund of any premium(s) and levy(ies) paid less any withdrawals. Provided that no claim has been made, the customer may cancel the policy by giving written notice to us within 21 calendar days immediately following either the day of delivery of (1) the policy or (2) the notice (informing the availability of the policy and expiry date of the cooling-off period) to the customer or his/her nominated representative, whichever is earlier. Such notice must be signed by the customer and received directly by Prudential Hong Kong Limited at 8/F, Prudential Tower, The Gateway, Harbour City, 21 Canton Road, Tsim Sha Tsui, Kowloon, Hong Kong within the cooling-off period.

The premium and levy will be refunded in the currency of premium and levy payment at the time of application for this policy. If the currency of premium and levy payment is not the same as the plan currency, the refundable premium and levy amount in plan currency under this policy will be converted to the currency of premium and levy payment at the prevailing currency exchange rate as determined by us in our absolute discretion from time to time upon payment. After the cooling-off period expires, if a customer cancels the policy before the end of benefit term, the actual cash value (if applicable) may be substantially less than the total amount of premiums paid.
